Song
are you from
the area?
I know speed
can flow out
from
like
if
like a basket
either way
whatever you
feel like
cases
percussive consonants
that move
a lot of air
song
events are
like people
but for you
who are people
the bridge
some phone
adheres

speed
no doubt
why to heart
the capsuled
tossed-off hand
and wonder
how quick
it could be said
well
dialysis
I tried to catch
her eye
the corkscrew hair
and we met
yesterday
but I don't think
she was feeling me
winds drawn up
common cold
asthma
say hi
drawn out
acquaintance
the pollutant sphere
